

CALLING OCCUPANTS

Music & Lyrics by Terry Draper and John Woloschuk

2 bar intro

as sung by The Carpenters

In your mind you have capacities you know
To telepath messages through the vast unknown
Please close your eyes and concentrate
With every thought you think
Upon the recitation we're about to sing

Calling occupants of interplanetary craft
Calling occupants of interplanetary, most extraordinary craft

Calling occupants of interplanetary craft
Calling occupants of interplanetary craft
Calling occupants of interplanetary, most extraordinary craft

You've been observing our Earth
And we'd like to make a contact with you
We are your friends

Calling occupants of interplanetary craft
Calling occupants of interplanetary ultra emissaries

We've been observing your Earth
And one night we'll make a contact with you

We are your friends
Calling occupants of interplanetary quite extraordinary craft
