

TELL HIM

Music & Lyrics by Bert Russell

4 bar intro

as sung by The Exciters

I know something about love, you've gotta want it bad
If that guy's got into your blood, go out and get him
If you want him to be the very part of you
Make you want to breathe here's the thing to do

Chorus:

Tell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him, tell him, tell him, tell him right now

I know something about love, you gotta show it and
Make him see the moon up above, go out and get him
If you want him to be always by your side
If you want him to only think of you

Chorus

Ever since the world began, it's been that way for man
And women were created to make love their destiny
Then why should true love be so complicated, oh yeah?

I know something about love, you gotta take his hand
Show him what the world is made of, one kiss will prove it
If you want him to be always by your side
Take his hand tonight, swallow your foolish pride

Repeat **Chorus** till end with ad lib
